INTERNATIONAL CONGRESS COLOUR 85 MONTE - CARLO 16 to 22 June 1985

The next AIC four-yearly Congress is certainly an event not to be missed by those interested in colour; its science, its art, its technology, and its application, will all be covered in the sessions to be held at the excellent Centre de Congres Auditorium de Monaco. The French Organizing Committee, under the leadership of Dr Francois Parra, has arranged an extremely interesting programme.

Broad surveys of different aspects of colour will be given in the invited lectures by Dr Oscar Estevez, Dr Fred Billmeyer, Dr Robert Seve, Dr Serge Tornay, and Professor Richard Gregory. In the technical sessions, over 100 papers, and over 50 poster presentations will be given; and Round Table discussions will take place on: colour and new communication technologies; colour, cosmetics, and perfumes; colour and fashion; colour, sound, and movement; and colour and health. Meetings of the AIC Study Groups on Colour Order Systems, Colour Education, and Environmental Design, will also take place; and an exhibition of scientific and industrial equipment will be provided, as well as a display of paintings illustrating the art of colour in the twentieth century. One day will be devoted to an excursion to Sophia Antipolis, the cost of which is included in the registration fees. Other events of general interest are included in the special programme arranged for Accompanying Persons.

Monte Carlo is easily reached via the Nice Cote d'Azur International Airport (22 km away), via Monaco-Monte Carlo Railway Station, or by road (960 km from Paris). The Centre de Congres Auditorium de Monaco is in Boulevard Louis II, Monte Carlo, Monaco.

The registration fees for Delegates include admission to the conference and poster halls, admission to the exhibition halls, the Congress documents including the abstracts book, an invitation to a cocktail party and social events, and the whole day excursion. The fees for Accompanying Persons include an invitation to the cocktail party and the social events, the whole day excursion, and participation in the specially arranged tourist programme.

For full information about registration, see pages 4 and 5 of this Newsletter. Please note that reduced fees apply for applications received before March 31.

How to register for Monte Carlo

If you have received a set of the three registration forms issued by the Congress organizers, please use them.

If you do not have these forms, then either:

(a) ask for them by writing to the Congress organizers

Couleur Congres Services
15 rue Eugene-Varlin
F-75010 Paris, France

or (b) use the form enclosed in the centre of this Newsletter, following the instructions for completing it given below, making a photocopy of it for your own records, and enclosing one cheque for each form sent in.

INSTRUCTIONS FOR USING THE REGISTRATION FORM ENCLOSED WITH THIS NEWSLETTER

The form should be sent to

Couleur Congres Services
15 rue Eugene-Varlin
F-75010 Paris, France

No application will be registered or confirmed unless it is accompanied by payment in French Francs of the sum corresponding to the total amount of the registration and supplementary fees.

How to reserve a hotel room

Please specify on your form, with other details, the amount for the whole of your stay, based upon the minimum rate of class of hotel and type of room requested. You will have to pay directly to the hotel the difference which may exist between the amount of your hotel bill and the amount paid now. This difference can be approximately estimated according to the prices shown below.

Accommodation requests will be taken into consideration only after payment has been received by CONGRES-SERVICES. After April 1st. requests will be registered in the order in which they are received and satisfied according to the possibilities at that moment in hotels of the requested nearest class.

An accommodation voucher will be sent to you by CONGRES-SERVICES.

Study Group on Colour Education

As announced in AIC Newsletter Number 1, Dr Schanda is unable to continue as Chairman of this Study Group, but he has agreed to prepare a report summarizing its findings over the period 1978 to 1984.

The Executive Committee has decided that, for the next phase of its work, this Study Group would benefit from having more specific terms of reference, and the following have been agreed:

1. To prepare an annotated bibliography of books and other aids for teaching colour, including comments on the type of people for whom each item is suitable, and its availability.
2. To prepare a preliminary report for the AIC Congress in 1985, and a final report in 1988.

Dr Oscar Estevez has accepted the Executive Committee's invitation to him to become the new Chairman of this Study Group with the above terms of reference. Any readers who feel able to help in this next phase are asked to write to Dr Estevez, whose address is:

Dr Oscar Estevez, Academische Medisch Centrum, Subfac. der Geneeskunde, Vakgroep Medisch Fysica, bouwdeel L-0 Meibergdreef 15, 1105 AZ Amsterdam, Netherlands.
